Carol,

I had also planned to give you a heads up of a new area that may have been impacted by Limetree operations. During the September quarterly gauging, PSH was detected in a SWMU 24 well and, as you know, the SWMU 24 wells have been clean for a long time. The VER at SWMU 24 was shut down in August 2014.

The areas where Limetree may have impacted the groundwater are the areas discussed in the recent CAS report plus SWMU 24:

- RAA 1A (AOC 1 & AOC 2)
- Subdomain 3, Tank Field 21
- Subdomain 3, Tank Field 22
- Subdomain 4, Northwest of Lagoon 1
- Subdomain 5, Tank Field 6
- Subdomain 8, Tank Field 9
- Subdomain 11, Tank Field 56
- SWMU 24

Good morning Carey. Thanks again for sending the list of items thus far. Regarding item #6 (cost savings strategies), I believe that you and I discussed this when we spoke on Sept 2nd, but I don't recall specifically what it referred to. If you have the chance to write it in a few sentences before my 10:30 am meeting, that would be very much appreciated. If you don't have time, no worries.

Thanks,
Carol

Hi Carol,

We are still working on the slides. The items covered thus far are:

1. Property Ownership (Updated Maps indicating SCPC boundary)
2. Financial Overview
3. RCRA Financial Assurance
4. Hurricane Insurance
5. PRI Consent Decree Update
6. Cost Savings Strategies
7. Permitting
8. Corrective Action Workplans (including AOC 1, 2 & 3 CMI workplan which includes the CA goals)
9. SCPC
10. Limetree Update

I don't have LF 2 & 3 on there, since there is no change since the last meeting. Post-closure monitoring continues with no issues. Would you like me to add a slide for LF 2 & 3?

Hi Carey – I have an internal pre-meeting scheduled for tomorrow morning with the EPA attendees. I put together the following draft list of items tentatively planned for the agenda of Wednesday's annual status meeting, based on the discussion that you and I had on Sept 2nd. When you have the chance, pls let me know if there are additional topics that the ERT plans to include on the agenda for the annual status meeting.

- Financial Status
- Coordination with New Limetree Management (i.e., New PSH releases not associated with past releases, site access, etc).
- SCPC update
- Other Remediations Update
- CA Goals – status of update
- LF2 &3
- Permit Renewal
- Other topics

Thanks,
Carol

Hi Carol,

Yes, I will be sending info out. I will send a meeting link by the end of the day tomorrow and an agenda list when it is finalized which might not be until next week.

Was Don Frankel able to confirm that he can log into Microsoft Teams?

Hi Carey – I figured I would drop you a line to find out when you think you might be sending the draft agenda and invite via Microsoft Office Teams?

Thanks,
Carol
